

Certificate of Attendance

Michael Chadolias

has attended the **HSF/IRIS-HEP Training: Analysis Reproducibility** course on Mar 24-28, 2025, which covers containerization with Podman, Docker, and Singularity/Apptainer, as well as CI/CD in GitHub or in GitLab, and reproducible analyses with REANA.

The course was organized as 7 hours of recorded lectures, an online forum, and 8 hours of live hands-on help on Zoom.

The event was co-organized by the training working group of the [HEP Software Foundation](#) and [IRIS-HEP](#).

More information about the event can be found at <https://indico.cern.ch/event/1508102/>.

For more information, please contact the HSF Training conveners, Michel Hernandez Villanueva <mhernande1@bnl.gov>, Valeriia Lukashenko <valeriia.lukashenko@cern.ch>, Alexander Moreno Briceño <alexander.moreno@uan.edu.co>, and Richa Sharma <richa.sharma@cern.ch>.
